Mr. Huling,

FYI...keep you in the loop; Stephen Tzhone will be returning at the end of next month.

The attached is an FYI for you...

Your thoughts?

The system has been shut off as of last September with monthly sampling being conducted...

I must sincerely apologize if you have not received any information...I have been having serious health problems that only recently have begun to show positive signs of improvement...with the aid of surgical procedures...

so far so good;

Please tell me what you would like in terms of reports and I will gladly forward everything I have in order to "bring you up to speed"

v/r

Ruben Moya

Ruben and Mark,

Please see the attached responses to the EPA's 8/22/12 comments on the Groundwater Remediation Summary.  
Please feel free to call me if you have any question about our responses.

Thank you,

Jean(*See attached file: Arkwood - Response to comments - 10-12-2012.pdf*)(*See attached file: Thomas Aley - letter report 10-11-12 - Ozark Underground Laboratory.pdf*)
